

Montecchio Maggiore, 21.01.2019

Alma Pramac Racing and FIAMM together again in the 2019 and 2020 MotoGP seasons

FIAMM Energy Technology is pleased to announce the renewal of the sponsorship agreement with Alma Pramac Racing as main sponsor of the team also in the 2019 and 2020 MotoGP seasons. For the fifth consecutive season, therefore, FIAMM's logo will be present on the Ducati Desmosedici of Alma Pramac Racing that - in a few days - will undergo the first official MotoGP winter test in Malaysia with Jack Miller and the new Moto2 World Champion Francesco Bagnaia.

FIAMM thus becomes one of the longest-lived sponsors of Pramac Racing team, also confirming its strong commercial relationship with Pr Industrial for the supply of lead accumulators that will equip the generators produced by Pramac.

Paolo Campinoti, Ceo Pr Industrial and Team Principal Alma Pramac Racing: "The renewal of our sponsorship with FIAMM is a source of great pride for us. Our partnership has reached its 5th year and this shows how, even in a dynamic and always moving world like that of MotoGP, there is the possibility of creating lasting bonds and able to give great satisfaction. The same ones that we are sure to achieve in the 2019 season".

Nicolò Gasparin, Mobility Power Solutions Executive Vice President at FIAMM Energy Technology: "With the new agreement, we reconfirm and strengthen our industrial and sport partnerships, relying on the experience and results achieved in the last 4 years as partners".

FIAMM ENERGY TECHNOLOGY

FIAMM Energy Technology is a multinational operating in the manufacturing and distribution of energy storing accumulators for vehicles and industrial applications established following the separation of the automotive and industrial lead battery business unit from the FIAMM Group. To be closer to the needs of customers, FIAMM Energy Technology has numerous sales and technical offices (in Italy, Germany, UK, Slovakia, France, Spain, USA, Singapore, Malaysia, China and Australia to name a few) and a widespread network of importers and distributors, employing one thousand people in total.
