

On 30 November 2023, FIAMM Energy Technology S.p.A. received a statement of objections from the European Commission concerning an alleged violation of EU competition law in the supply of automotive starter batteries in the European Economic Area. The alleged infringement relates to conduct that has been terminated years ago.

FIAMM Energy Technology S.p.A. is committed to high standards of compliance and is cooperating with the European Commission.

FIAMM Energy Technology S.p.A. is part of Resonac Corporation since 2017. Resonac Corporation has its head office in Tokyo, Japan. Its parent company, Resonac Holdings Corporation, is listed on the Tokyo Stock Exchange. Additional information is available at <https://www.fiamm.com>.
