From September 11 to 15, FIAMM will bring its energy for the automotive world at Automechanika Frankfurt, world's leading trade fair for car accessories and spare parts, components and services.

FIAMM will present, in an international preview, the new ecoFORCE range specifically designed for cars with Start&Stop. The new range includes batteries with AGM and AFB® technology, models for European and Asian cars and now offers more than 15 specific models.

For the aftermarket of traditional and commercial vehicles, the FIAMM Titanium PRO and black Titanium ranges are confirmed as they ensure high performances, peak power, top-notch reliability and safety, along with FIAMM energyCUBE and powerCUBE which secure higher energy and better cranking power in critical conditions for commercial vehicles.

FIAMM solutions address also the world of the 2 wheels and leisure vehicles, with the FIAMM Motor Energy battery family for all applications, from small scooters to powerful motorbikes.

We look forward to welcoming you at Stand C10, Hall 4.1!
